

# Israel: What's Next w/Jack Hibbs

## Overview

We're looking at a message today titled **Israel, What's Next?** In light of all that's going on in Israel and now in the world around us. I'm gonna ask you to take a lot of notes today. I'm gonna ask you to stay tuned, pay attention, write it all down, and be in prayer as this message comes to us today. Matthew chapter 23, I'll start in verse 37 and we'll segue right into chapter 24. And this is the famed Olivet Discourse that Jesus gave just prior to his ascension back to heaven.

Matthew 23:37-39 – Matthew 24:1-22 “O Jerusalem, Jerusalem, the one who kills the prophets and stones those who are sent to her! How often I wanted to gather your children together, as a hen gathers her chicks under her wings, but you were not willing! 38 See! Your house is left to you desolate; 39 for I say to you, you shall see Me no more till you say, “Blessed is He who comes in the name of the LORD!” 24:1 Then Jesus went out and departed from the temple, and His disciples came up to show Him the buildings of the temple. 2 And Jesus said to them, “Do you not see all these things? Assuredly, I say to you, not one stone shall be left here upon another, that shall not be thrown down.” :3 Now as He sat on the Mount of Olives, the disciples came to Him privately, saying, “Tell us, when will these things be? And what will be the sign of Your coming, and of the end of the age?” :4 And Jesus answered and said to them: “Take heed that no one deceives you. 5 For many will come in My name, saying, “I am the Christ,” and will deceive many. 6 And you will hear of wars and rumors of wars. See that you are not troubled; for all these things must come to pass, but the end is not yet 7 For nation will rise against nation, and kingdom against kingdom. And there will be famines, pestilences, and earthquakes in various places. 8 All these are the beginning of sorrows. :9 “Then they will deliver you up to tribulation and kill you, and you will be hated by all nations for My name’s sake. 10 And then many will be offended, will betray one another, and will hate one another. 11 Then many false prophets will rise up and deceive many. 12 And because lawlessness will abound, the love of many will grow cold. 13 But he who endures to the end shall be saved. 14 And this gospel of the kingdom will be preached in all the world as a witness to all the nations, and then the end will come. 15 “Therefore when you see the ‘abomination of desolation,’ spoken of by Daniel the prophet, standing in the holy place” (whoever reads, let him understand), 16 “then let those who are in Judea flee to the mountains. 17 Let him who is on the housetop not go down to take anything out of his house. 18 And let him who is in the field not go back to get his clothes. 19 But woe to those who are pregnant and to those who are nursing babies in those days! 20 And pray that your flight may not be in winter or on the Sabbath. 21 For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be. 22 And unless those days were shortened, no flesh would be saved; but for the elect’s sake those days will be shortened.

Father, we pray, we ask you now Lord God to be in this Bible study. We know that you are. We've come to worship you. We have your word wide open and we seek Lord your truth. So speak to us and Lord, as we have come to learn. Take Lord what we're doing here right now and send it to the ends of the earth. It's amazing to read a 2000 year old statement by Jesus Christ himself saying that the gospel will be preached to the ends of the world. And now we see that happening all around the world through the internet and all kinds of means among so many other warnings of this great prophecy. So Father help us to understand we pray in Jesus name and all God's people said, Amen, you may be seated church.

Obviously we have gathered together at a solemn period of time. And for those of you who might be here today and you might be thinking, well, this is just another Middle East skirmish. They've gone on for millennia now. Since 1948 they come and go. There's the 73 year war, 1973. There's the issues through the 80s. No, no, no, this is all different everybody. It's all different. And by the way, just as a setup for you to recognize something that we live in a time right now that is the most accurate age to live in regarding the fulfillment of Bible prophecy and or the teen up, if I can put it that way, the stage setting parameters of end times prophecy. We could say that the fuse is about to be lit if it hasn't been lit already.

Now these are not bombastic statements. Since May 14th, 1948 Israel has existed as a nation for the second time. We'll hear more about this in a moment. But in the last several decades, there's been a global shift and a global move in ways that can only be answered in the Bible. You can try all of you on. I say this with love and respect. Try, go, read, whoever. You can find nothing more accurate than what the Bible says about the last days. And according to the scriptures, we are living in the last days. Now, I just wanna get this right up front right now. It's gonna shock you perhaps, but by the end of this message, I pray that you'll have a better understanding. Believe it or not, the current situation that is going on in Israel is literally not about Gaza. Listen, it is not about the Palestinians. Gaza and the Palestinians are being used as a pretext for the advancement of Islam. You need to know that right now. You need to understand what's going on.

Now I want that to just settle, no matter what you think about what I just said, I just want you to hold that up front as we get into this study and as you look at the world news. This area called Gaza, which dates back thousands and thousands of years in your Bible, Gaza is a place where, again, we'll talk about it later, but it is notorious for thousands of years as being an enemy to Israel. You know who lived near Gaza? Goliath lived near Gaza. So did his four brothers. Remember Samson, the judge of Israel? By the way, he was the judge of what? Of where? Israel, four of you know that. Was he the judge of Gaza? Was he the judge of Palestine? He was the judge of Israel. Remember that.

Now I'm gonna lay a lot of sarcasm on today by design. To make it graphic enough for you to get the truth. You know, truth comes delivered on all kinds of packages. And today we need to understand something. What we're talking about is deadly serious and it is not gonna go away because the agenda is a geopolitical, theocratic agenda that is underway. Listen, it's called Islam. Islam is Arabic for submit or submit to or be submissive. And Islam, everybody thinks Islam as being a religion. Islam has a division that is religion. It is a geopolitical worldview that

came out of the vision of Muhammad and those that followed him and many of those who wrote after him. And in the commentaries of the Islamic Hadith or commentaries of the Quran. You need to understand that.

Listen, speaking regarding time, the Quran compared to the Bible, the Quran is a relatively new kid on the block. You may not know that. Listen, you're certainly not gonna hear this level of truth already in any secular setting or in many churches in America today. And you certainly will not hear this from any of our Muslim friends. But the reason why I say that the Palestinian as an individual and Gaza as a piece of land is a pretext for the advancement of Islam because it justifies the teachings of the Quran to continue the preparation of the establishment of a global caliphate. You need to know that. And there are some nations over the time that have gotten in the way of that. Europe got in the way of that. Spain got in the way of it. England got in the way of it. France, Austria, Poland, Turkey. Well, you know, at the time it was the Byzantine Empire, was later invaded.

But you need to remember that when we talk about Islam, the initial thought is to think about it being just this religion type thing that started there near Saudi Arabia someplace today of the map. Well, then let me ask you this. Then what was it doing in Vienna, Austria? And in Paris and in Cordoba, Spain and Alhambra. I ask you that. Why were the crusades ever conducted in the first place? Have you ever stopped to ask that question? Why on September 11, 1683, the king of Poland assembled the Christian forces in Europe to defeat the Islamic invasion in Vienna, Austria? Because there's a push to establish a global caliphate that has been an ongoing belief just like you believe that Jesus Christ is Lord and Savior, just like you believe in the God of Abraham, Isaac and Jacob. As passionate as you are about biblical truth, they are as passionate about Islamic teaching.

Notice how I didn't say Islamic truth. Even Jesus himself warned in the last days that would include the sixth and seventh century, the era of the birth of Islam, that the Bible even forewarned that if an angel would even appear from heaven and teach any other message that which has been given to you in the Bible, let that angel be accursed. And what does Muhammad reports that an angel from heaven came and told him a whole new gospel. And Christians in various parts of the world already had those scriptures to judge all that. But listen, in the West we've become so comfortable and so ignorant of the truth and so distracted that we don't know these things. And that's shame.

I'm gonna get some things up front before we get into the reasons why. The Bible tells us and warns us what is known as eschatology. It's a big word, with a big meaning. The Bible is the only eschatological book in the world that is accurate and that has the record that it has. Did you know that the Bible when it comes to eschatological teaching, which is future teaching, Bible prophecy, the Quran fails, the Book of Mormon fails, Jehovah witnesses fail, the Tibetan Book of the Dead, the sages of ancient times passed, all of the various religions of the world, they claim to have prophecies, but in reality, they never produce one. That's why, listen, I often get confused on an airplane flight or where I met in some country because I'll be talking about the Jewish scriptures, for example, and on my ring in Hebrew, it says, your people, my people, your God, my God, and so people will say, oh, you Jewish? And I said, no, but the God I worship is Jewish.

And you might say, well, what a thing to say. No, it's exactly the thing to say. If you understand the Bible, and today we're all about the Bible. And I hope tomorrow and forever, we're only about the Bible. Can you just jot this down in your note taking please, regarding Israel and what's next? Israel now is fighting its greatest war since the Holocaust. There have been more Israelis murdered than any other time since the Holocaust. And what is spooling up now has involved these nations as of this hour. Number one, Iran, key player, jot it down, Iran. China, we'll talk about the connection. Russia, no surprise to the Bible student of the book of Ezekiel. Turkey, or in your Old Testament, Turkey is referred to as Togarmah. Syria, Lebanon, believe it or not, North Korea is involved. Tragically now, with the breakup of this current government's policies of the United States, Saudi Arabia has basically bailed out of the Abraham Accords and has sided with China regarding its condemnation of Israel.

This is a shocker, but don't worry about it. According to the book of Ezekiel, Saudi Arabia will have a turn of thought because in the book of Ezekiel, they will become an ally to Israel in that future battle. So we'll keep an eye on that. Obviously the United States, we'll talk more about that. England, France, and now the nation of Taiwan. These nations that I've just mentioned are either directly involved or in support of or falling victim to the nations I've just mentioned to you right now. Taiwan is on the cusp of it being gone. China is about ready to walk into Taiwan. They will probably wait a little bit longer until the United States is fully depleted of military capabilities to defend Taiwan. However, we'll see what the Lord has in store.

Church mark this down, if you would. We're gonna call it number one. And as I begin to look at number one, it's this. What do we know for sure? I will both give scripture and I will give commentary. This is what we know for sure. Is that what is going on right now in Israel was inevitable. Because of the Islamic doctrine that you've been hearing for years, but you didn't pay attention to it. And it predominantly came out of Iran that fueled its proxies such as ISIS, Hezbollah in the North in Lebanon, and to some degree Hamas in the South. Among other terrorist groups, they had a chant. Death to America and death to Israel. They've been chanting this since I've been a kid. And one of those things is that we are not gonna stop until Israel is driven into the Mediterranean and there's no Jews alive.

I'm not making this up, ladies and gentlemen, you just don't wanna hear it. It is their agenda and it's published. It's preached in mosques around the world on Fridays. We don't wanna know that as Westerners. Mikhail Gorbachev said before the Soviet Union fell, Mikhail Gorbachev told the Supreme Soviet, he said, we need to make sure and capitalize on this fact that the Americans do not want to know. We don't wanna know stuff like this. We just wanna have two days off. We wanna go to Disneyland from time to time and pray that the Rams win a game. We're a people occupied with distractions and the hour now is upon us that the distractions can no longer be part of our lives. So what do we know for sure? Well, number one is that Israel is mentioned in the Bible by the very mouth of God himself. Israel, the name is not an invention. Genesis chapter 32, verse 28, Moses writes, and he said, your name shall no longer be called Jacob, but Israel, for you have struggled with God and with men and have prevailed. Genesis, the book of Genesis. In the first five books of the Hebrew Bible, Genesis, God says regarding Jacob, I'm not gonna call you Jacob anymore, I'm gonna call you Israel. So the first time it appears in the Bible. You mark that down, you remember that everybody.

The Bible is God's communication, it's God's megaphone, the Bible is God's message to mankind. It's validated, it's confirmed. The Bible's not going anywhere friends, you can burn every Bible in the world. It doesn't change God's eternal truth. You can't stop the Bible. You can kill every Jew and every Christian and burn every Bible. It doesn't stop God's truth. God's truth's eternal and he gave us his word in the Bible, and if you burn the Bible, doesn't stop God's truth. He's gonna do it anyway. The Bible says God is not a man that he should lie. Isn't that great? I love that. But God says, he says, he invents the word Israel. Deuteronomy, are you ready? Wright, wright small. Deuteronomy chapter four, verse 29. And from there you will seek the Lord your God. He's speaking to Israel and you will find him if you seek him with all of your heart, with all of your soul, my Jewish friends, Gentiles, Muslims. Why don't you decide today to seek God with all of your heart and with all of your soul? Because that's what God requires.

When you are in distress and all these things come upon you in the last days, when you turn to the Lord your God and obey his voice, for the Lord your God is a merciful God, he will not forsake you nor destroy you, nor forget the covenant of your fathers, which he swore to them. Did he ask them to swear to him? No, the God of the Bible swore to the fathers of the people of Israel known as the Jew. And today I wanna give you this warning before anybody tunes us off or turns us off, or gets out and walks out and says, you know what, I'm a New Testament Christian, I live in the New Testament era. Listen, what in the world are you talking about? You have no New Testament promises without the God of the Old Testament keeping his promises. If he doesn't keep his promises to Israel, he cannot, will not, has no obligation to keep any promise to you. Remember, the Bible says that the Gentile has been grafted into his salvation. The Bible says, don't boast against the root. Remember that. People are not, listen, I know people are gonna call me and write me about this message. I'm not gonna answer, just listen to the message again. Just listen to it again and again and again.

Isaiah 42 verse nine, behold, the former things have come to pass as God. New things I declare before they spring forth, I tell you of them. The God of the Bible knows the future in advance. Everything that's going on right now, yes, it's horrible to see what's happening. Let me be honest, I'm gonna be very honest. It's horrible what's happening in Israel. It's horrible what's happening to children and women and soldiers and citizens and old ladies and old men. It's horrible. It's also horrible what's happening to the people that are in Gaza. Listen, there are Christians in Gaza, there are Christians in Gaza they live there, but they're not, listen, they gotta hide from the Muslims and they gotta stay away from the Jews. They can't interface with the Jews because the Jews don't like them. They're basically living in no man's land. They'll get killed if their Christianity is found out. But Novus that in the whole mix, my heart goes out to everybody who is sincerely involved versus a perpetrator who's involved. There are those who are using the Palestinian people for their war effort. I do not have the time, I'm not gonna do all your homework for you, it's too much. I'm not kidding. You should see the data I left back in that room right now. Maybe we'll publish it somehow, but I don't wanna do all the work for you.

I'm gonna make a statement, you go see if it's true. The Lieutenant Commander of Hamas said, the Jews love life and that's their weakness. They wanna live, that makes them weak. We wanna die, that makes us strong. That's why when we use our women and children in battle, they are the heroes who die before us. Who thinks like that? Demons. Devilish doctrines. Does not the

Bible say that in the last days, doctrines of demons and evil spirits of teaching will permeate the world? We read a moment ago that Jesus said, watch out because there's gonna be false teachers in the last days. What kind of a mindset hides behind women and children to execute their war? The logic that says, it's okay if they die, it's okay if I lose my wife, I'll just get another one. Or I got four of them, if I lose one, I got three, I'll get another one. My kids, they die in the cause. They're not casualties of war. They're actually believed to be warriors, says the Lieutenant Commander of Hamas. This week. I'm very grateful to Ben Shapiro. Ben Shapiro, I'm sure he doesn't watch these programs. But I'm grateful to Ben Shapiro who this week had translated from Arabic into English many of these statements by Hamas military leaders and imams. And you oughta go back to Ben Shapiro's podcast and just let those speak who are speaking. And hear what they're saying. You don't wanna hear this people, you don't like it, but it's the truth.

And we need to wake up. We need to wake up. Isaiah 66 verse eight. Who has heard such a thing? Who has seen such a thing? Shall the earth be made to give birth in one day? Or shall a nation be born in a day? For as soon as Zion was in labor, she gave birth to her children. You can write next to Isaiah 66 verse eight. You can write down May 14th, 1948. There's Northern nation, listen, skeptic, Northern nation and the history of mankind that has had its rebirth in one day, except Israel. Northern nation. The moment May 48th, 1948 happened, May 14th, 1948 happened. The moment that that happened, God's stopwatch started again. Right now, Gentiles in this world, we're living on borrowed time. The church of Jesus Christ on the earth. This is the first time in human history that Israel and the church have existed at the same time. Which means God's about ready to go to work with Israel if you know your Bible and He's about ready to be done with the church on earth.

It's a remarkable time you and I are living in. And we ought to be looking up as Jesus told us to be. Zachariah chapter 12, by the way, if you don't know your Bible, this is all Old Testament prophets we're talking about here. These are the Hebrew prophets. Zachariah 12 verse two says, behold, I will make Jerusalem a cup of trembling under all the people or nations roundabout. When the nation shall be in siege, both against Judah and against Jerusalem. And in that day, I will make Jerusalem a burdensome stone to all the nations, all that burden themselves with it shall be cut in pieces. Though all the people or the nations of the earth be gathered together against it. Isn't that amazing everybody? How many rivers does Jerusalem have flowing through it? Zero. Does Jerusalem have oil? None. Is there an airport in Jerusalem? Nope. Is it, you name it. It ain't got it. You know what, in fact, when it rains in Jerusalem, rocks grow. The Bible says the epicenter city of the world, I know it's hard for Americans to believe this. It's not Hollywood. It's not LA, it's not New York. It's Jerusalem.

And these are, listen, Isaiah is nearly 3000 years old from our day right here right now. And the Bible says in the last days, Jerusalem's going to be the issue. My friends, it's not Gaza. It's not the Palestinian people. The targets Jerusalem. For a reason. For a reason. Mark that down in your mind when you watch the news. And when you listen to people, I tell you what, God's my judge. This week watching the news, I've watched so much news. I mean, I'm just sick of it. But for you, I had to take the hit. Seriously, I just wanted to take a shower, take a bath. Sometimes I wanted to vomit because I don't watch Western news, I do not watch news in America. While a lot of the news I watch is unfiltered news from other countries. And I've seen the things

uncensored. This stuff that people are talking about, oh, that never happened. Yeah, I guess you're right. If you watch Fox and CNN and MSNBC or MSLSD or whatever it is. If you get your news from America, you're messed up. You need to get your news from Al Jazeera or the Iranian Times. Or how about news out of Yemen? Why don't you look at some of the other news sources and watch what's going on? Where you see babies paraded around on bayonets, pierce through, and paraded. Oh, that didn't happen. Yeah, yeah, in your little world, it didn't.

Joel chapter three, are you guys okay? Cause I'm laying it on pretty hard. Joel three, verse one, for behold in those days and at that time when I bring back the captives of Judah and Jerusalem, notice, God says I'm gonna bring them back. Oh, yeah. You know what that means by the way? God's a Zionist. Did you just hear what I just said? Do you even know, listen, I know many of you have been to college, so you don't know. I know. God is a Zionist, which means he says in the Bible, I wrote my name on Mount Zion. To be a Zionist means the land belongs to Israel. To be a Zionist means God fulfills his promises. You see why your family's in a big debate over this issue? Are you, come on man, you sound like a Zionist. I am a Zionist because I've read my Bible. Don't apologize for that. That's what Woke does. Woke says, are you a Zionist? You say, I am, I've read, I don't know where that accent just came from. I am a Zionist. I read my Bible because God says, I'm going to rebuild my nation again. And in Joel three, he announces that, verse two, I will also gather all nations.

This is forthcoming, by the way. This hasn't happened yet. And bring them down to the valley of Jehoshaphat. I've been there. It's amazing. And I will enter judgment with them on, watch this, why God? Why are you gonna enter into judgment with the nations of the world? I'll tell you basically, he says, on the account of my people. Are you hearing me? The God of the Bible says, I have a people. I picked them.

Remember, Tavia in Fiddler on the roof. God, I know we're your chosen people. You chose us, but God, can you choose someone else for a while?

What's the word? An account of my people and my heritage, what's the word? Say it again. It's not the word Palestine. Really. By the way, it's not in any real Bible. So what do you mean, any real Bible? There's some dumb Bibles out there that are modern day publications that removed the word Israel and put Palestine in there. And listen to this, and what's hilarious about it is, there was no such thing until 135 AD by the emperor Hadrian from Rome. He named Israel Palestine, because he said, I hate the Jews, and I hate their uprisings against the Roman Empire, so we're gonna wipe them out, and we're gonna do two things.

We're gonna rename Jerusalem Capitolina, and we're also gonna remove the name Israel from its ancient heritage, and get them to forget who they are, and call it Palestinea. One of the hills in Rome is called Palestinea or Palestinea. It's connected to the root word, Felicia. Felicia or Philistine, they resided in Gaza. Do you know what Philistine means? It means those who invade by the sea or from the sea, those who invade from the sea. I'm a Palestinian. If you're a Palestinian, the word means you've invaded from the sea. You should know that. This is serious stuff, people. All of this is to hopefully bring you to the understanding.

God also says this, whom they have scattered among the nations, Joel 3, who they've scattered among the nations. They have also divided up my land. Do nations of the world desire to divide Israel's land? Come on, people, let's wake up. You guys awake? Do you need some coffee? Do

you? God says, 2,700 years ago through the prophet Joel, the world is gonna seek to divide up my land. And that's the biggest passion of the UN today, the United Nations, is to divide up the nation of Israel. That's okay, listen, don't worry about it. Just when you hear it, just say, yep, that's what my Bible says would happen. And boy, read the fine print UN, you're in big trouble later. Big trouble. He says, why? Because they have cast lots for my people. You know what that means? It's a political statement. Why don't you guys take this part of the Jews and you can have those parts of the Jews and I'll have this part of the Jews.

And can you believe this is in the Bible? It's the Bible. Isaiah 27 verse six. Isaiah 27 verse six. Those who come, he shall cause to take root in Jacob. This is the return of the Jews in Bible prophecy. Now you take that for granted because you live in the 21st century. You've already seen it happen. Israel shall blossom and bloom and fill the face of the earth with fruit.

You guys, Mark Twain passed through Israel and he said, this is the most worthless, treeless, godless landscape I've ever seen. Mark Twain, you go to Israel today, I could sneak you, I could sneak a picture in Israel today and take a picture and show you. And you'd say, and not ask you, where's this picture taken? And you'd say, kind of maybe somewhere near Zephyr Cove up in Lake Tahoe or maybe Chino Hills with the rolling hills and the oaks. No, what about those vineyards? Oh, that's Napa or France. No, that's the Upper Galilee region. It's a paradise today. Are you hearing me? Amen. In fact, I'm sorry if you don't like it, but facts, John Adams said facts are stubborn things. I like that. And by the way, Israel is responsible for filling Europe up with fruit. Isaiah 43 verse three, Isaiah 43 verse three says, for I am the Lord your God, the Holy One of Israel. You are Savior. I gave Egypt for your ransom, Ethiopia and Shiba in your place.

Since you were precious in my sight, you have been honored and I have loved you. Therefore, I gave men for you and people for your life, fear not, for I am with you. I will bring your descendants from the east and gather them from the west. I will say to the north, give them up and to the south, do not keep them back. Bring my sons from afar and my daughters from the ends of the earth. See, God's a Zionist, it means he's gonna build up his land of Zion. He's doing it, he's been doing it and nothing's going to stop him from doing it. Even this war that's going on right now, you think God is waking up and saying, oh my goodness, how did this happen? He knows everything. I understand the suffering is hard to handle, but we're not God. And by the way, let me say this, we've been created in the image of God. If we care about the suffering, he cares about it infinitely more. We just don't deal with it like he does. When he, listen, Abraham says in the end, Abraham said, shall not the Lord of all of the earth do well or do right or do what is right. Right now, you and I wanna call the shots.

God says, sit down, I got this. Well, how can this be happening? He answers. In the book of Deuteronomy, he answers in many other places. He answers, but don't worry. It's not over till it's over. And he's the one that determines that. God is in control of time. And Jesus said, there'll be wars and rumors of wars. Boy, does that not describe this moment we're in? Yes, amen. Oh, when's the last time, by the way, you heard Ukraine? Vladimir Zelensky's, did you see him yesterday? He's crying, the world has forgotten us. That means he's down to like his last billion dollars. I mean, not Ukraine, I mean him personally. I'm sorry, am I? No, I'm not sorry. I'm not sorry. I'm not sorry. I'm sorry, I'm sorry, I'm sorry. I say a 59 verse 21, as for me says Yahweh. Oh

my goodness, look at that. That's the word, listen, that's the name the Jews don't speak out loud. I get it, but we're not Jewish, so we get to speak it. God says in the, listen, God says in his word, proclaim my name among the nations.

Well, here we are. That's Yah. That's the name of God. Yahweh, Yahova, we would say. As for me, this is Isaiah, by the way. God is telling you his name in Isaiah, the great Hebrew prophet. God says, this is my name. I really appreciate this. I made a post. I don't know if any of you saw that Facebook live I did on Friday. And by the time I got home, I think I needed an armored personnel carrier. God is a title. Yah, or Yahweh is a name, personal pronoun, name, God. Yah, his name is Yah. Okay. And so on that post, I said to my Muslim friends out there who might be watching, what is the name of your God? And they said, Allah. And I said, no, no, I heard that. What is the name of your God? Allah. Allah is Arabic for the word, for the name, excuse me, God. So what's his name? Nobody knows his name. This is my covenant with them, my spirit who is upon you and my words which I've put in your mouth shall not depart from your mouth, nor from the mouth of your descendants, nor from the mouth of your descendants, descendants. Hahaha says, Yah, or Yahweh, Yahova.

From this time and forevermore. Somebody say amen to that. Amen. Our God is alive, he's real and he has a name, and his name is Yah, or Yahweh. He's eternal. He is called Israel to be his mouthpiece, Israel. The Bible even prophesied this, that when their Messiah would come, they would reject him. Listen, be careful though. For the last 2000 years, the gospel has gone to the ends of the earth. When God's word says reject, Jesus rides into Jerusalem and weeps and says, oh, Jerusalem, Jerusalem, if you had only recognized this your day, but you would not. He said, you will not see me again until you say, bless it as the you comes in the name of the Lord. Listen, he's about ready to pick it up once again with the nation of Israel. You gotta read the book of Revelation, it's all Jewish. Is it not? 144,000 Jews, Palestinians? Gentiles? No. Jews will preach the gospel. The Bible says there'll be 12,000 of them from each tribe, all males, all virgins, they speak Hebrew. In your Bible, book of Revelation. You should know that.

Listen, if you're Jewish and you read Genesis to Malachi and skip the entire New Testament and read Revelation, you'll totally get it. Because everything mentioned in the Old Testament is ended in the book of Revelation. God gives Moses a menorah. Listen, a menorah. You know how many... Lamb stands a menorah house, in fact, if you leave this void today, you'll see an artifact. It's a real artifact. There's only five or eight of those in the entire world right there, and we got one of them. What is it? It's a seven-lamp stand menorah. It doesn't appear any other time in the Bible, outside the five books of Moses, doesn't appear any other time until when the book of Revelation. Whoo! Amazing.

I took a vacation. I didn't talk for a week, and now I'm out of shape. I'm tired. It's amazing how... When you don't use your diaphragm, you lose it really quick. So I'll try to find mine again. Where was I?

What was the last thing? Yes. Psalm 30, Psalm 130 verse 7, Psalm 130 verse 7 says, Oh Israel, hope in the Lord. There's his name again. For with the Lord, his name, there is mercy. And with him is abundant redemption. Isn't that good news? This world's nuts, but God's good. And he

shall redeem Israel from all his iniquities. Isaiah 27, 14, and it shall come to pass in that day that the Lord will thresh from the channel of the river to the brook of Egypt, and you shall be gathered one by one, O you children of Israel.

Point number two, Israel, what's next? It's this, what is the origin of the land of Israel? What is the origin of the land of Israel? Hey guys, I gave you that video right at the end, right before I walked out, these poor guys, I torture our tech group. Can you guys play that video that was on either TikTok or Instagram? Listen carefully everybody. Israel has only been a state since 1948. Palestine is thousands of years old. I remember this guy, Jesus Christ on a motorbike. Sorry Mia, you are wrong. Israel is 3000 years old, 75 years young. And this is not coming from a Jew, but from a proud Muslim. The prophets of God who might believe in were Israelites, a significant number of these prophets disseminated their teachings in the land of Canaan, a land which Joshua been known later renamed, Israel, and then King David proclaimed Jerusalem as the nation's capital. Yes Mia, it wasn't Donald J. Trump, it was King David. Even Jesus of Nazareth Mia called the land Israel in the Gospel of Matthew.

The Roman Emperor Hadrian expelled Jesus from Israel, erasing the name Judea. He supplanted it with the Roman term Syria-Palestina, which evolved into Palestine. Similarly, the city of Shrem was changed to Neapolis, or Nablus, which means in Roman New City or New Place. The Jewish people hear me are not foreign colonialists in the land of Israel. I wish you to inform your audience that Israel is in Palestinians out to coexist peacefully. And that peace is the only way, not marring history or disseminating falsehoods. Please share this video as it may reach and... So I don't know that guy, but that's okay. And the truth. I don't have to know that guy. He was almost 100% true. David didn't name Jerusalem, Jerusalem. God did. God did that previously. However, that's okay. That's completely okay. What he said, 99.9% is exactly true.

He mentioned something though about coexisting in peace. Do you understand that if Israel laid down its weapons today, Israel would be destroyed? Did you know that if the Palestinians or Hamas or Hezbollah laid down their weapons today, right, there would be peace? Yes. Simple equation, but it's demonically driven. Genesis chapter 12, verse 1. Now the Lord had said to Abram, get out of your country. Remember, oh, well, I'll just finish the verse. From your family and from your father's house to a land that I will show you. Okay, Abram. Where did... Church, listen, participate. Where did Abram come from? Ur of the Chaldees. Was that Jewish or was that pagan? Pagan. Was Abram a Jew or a Gentile? ... Gentile ... Oh, good. Do you attend here? This is what's fine with... I talked to my Jewish friends.

The first Jew was a Gentile first. There's a reason for this. He was a pagan worshipping Gentile. And God called him out of that world. And if you really want to blow your mind, Abram became Abraham because he believed in the promises of God. Okay, watch. And God declared him righteous. Righteous. Before Moses was ever born and gave the Ten Commandments and before he was ever circumcised, God called Abraham righteous. Listen, when God calls you righteous, there's nothing left but a happy day. Why is it this way? You say, well, it wasn't the pagans in the land of Israel before Israel showed up? Yes. It always has to be that way. Weren't you alive first in your paganism before you came to Christ? The flesh always comes first. That's why the children of Israel were commanded by God. Joshua leads them in the first Israeli

general commando, leads them into Canaan. Why? Because God says, I want you to push out all of this paganism. Well, but they were there first.

Well, it depends if you believe the Bible or not. They were there first, but God made the land. Amen. And sin comes, right sin, we're born with sin. We inherit Adam and Eve's fallenness, nature. The flesh always comes first. Eve was in the land first. God says we have to speak, so to speak, circumcise the land. By the way, doesn't God stand in the New Testament? You want to come and follow me? I don't care about outward circumcision, that accomplishes nothing. I want to know if your heart has been circumcised. Think of that. People who can get so caught up in religion, miss God completely. Do this, do that. Stand up, sit down. Wear this. Give this. God says, I don't want it. I want your heart-cutaway with the old flesh that doesn't feel anything, and I want you to become very, very, very tender toward me. That's the God of the Bible. The flesh always comes first, and God does His work second.

And that's what's going on right now, by the way. If you go to Israel today, you'll be shocked to find out how many people do not believe in God. It's amazing. So you're Jewish? Yes, I'm Jewish. Were you guys from California? Oh, nice to have you. So tell me about growing up here and believing in God and all this in the land of God. Many Jews will say, I don't believe in God. They'll say, where was he on the Holocaust? He abandoned us, so I don't believe in him. But what you're actually saying is, you do believe in God. You just don't like the way he's been doing things. Because you can't get upset at somebody that doesn't exist. I just want to make that clear. I understand their pain and their hurt, but it can be written.

Listen friends, listen, it can be remedied in a moment if you start reading your Bible and stop listening to people. Just read the Word of God. Start in Genesis. You'll meet him in the pages of his love letter to us. Genesis 12, verse 4. And God has stopped the clock. Can we do it here? Call of time out. Genesis 12, verse 4. So Abram departed as the Lord had commanded him and with him. And Abram was 75 years old when he departed from Haran. Then Abram took Sarai, his wife and Lot his brother's son and all their possessions that they had gathered and the people whom they had acquired in Haran. To go to the land of Canaan. So they came to the land of Canaan and Abram passed through the land to the place of Shechem as far as the territory of Moray. And the Canaanites were then in the land. Pagan, worshiping. They worshiped Ishtar and Zeus and all of these ancient Babylonian deities. They were there. Moloch, Remphan. All of these pagan deities. Listen, if you don't believe me, go to the British Museum of History. Or if you're in England, go to the Ashmolean Museum in Oxford University. What do you see? You see all of these pagan idols that are crafted and carved out. And then you see the museum's description. This is from the era of this BC period. And this artifact was found in Israel on such and such a date as excavation.

We don't have blind faith as Christians. Our faith, listen, our faith is founded upon facts. You need to know that. Every Christian should ask, is that true? Did that really happen? And then get on that quest and find out. I interrupted myself. I get so excited over this topic. Verse 7, then the Lord answered Abraham and said to him, go to your descendants and I will give this land. That's a promise. And there he built an altar to the Lord who had appeared to him.

Number 3, what is the origin of the Jewish people? Very simply quickly put. Genesis 12, verse 2 says, I will make you a great nation. He says to Abraham, I will bless you. And make your name great. And you shall be a blessing. Isn't that amazing? Here we are today in the 21st century and we're talking about Abraham and everyone in the world knows who Abraham is. Everybody. I will bless those who bless you and I will curse those who curse you. And in you, all the families of the earth shall be blessed. That's a messianic statement. Eventually through you, all the world will be blessed. It's not happening yet, but it's going to. Number 4, is this, what is the issue between the Jews and the Palestinians? Well, very quickly we can't cover this in depth, but number 1, you heard the guy mentioned and I mentioned it before that guy. So I don't want to give him any credit. That is the emperor in Rome, Hadrian, renamed the land of Israel, Palestine.

That's where it came from. He cites that he did that because he wanted to forever remind Israel of its ancient enemies, the Philistines. The etymology of the word Jew, it's quite fascinating. It comes from Abraham. But the word Jew is, listen, Jew, Hebrew, Israelite, they can all mean the same thing, but they don't always mean the same thing. You can be an Israeli atheist. Guess what? Are you listening? You can be an Israeli atheist that makes you not a Jew. But I'm a Jew. Do you believe in God? No, you can't be a Jew. Sorry, no Jew for you. I'm going to prove it. You can be Hebrew origin, Hebrew DNA, and not be a Jew. You see, Jack, I've never heard this before. Think, think, think. The etymology of the word Jew is from Judah. You hear words like Judi, Judith, Jude, Judah, Jew. Listen, the word Jew means one who praises God. That's why Paul, a Jew, both physically, DNA, and the naturalness as a religion, truly, writes to the believers in Italy in the Book of Romans, chapter 2 verses 28 and 29, and he says, he is not a Jew who has been circumcised outwardly. But he is a Jew who has been circumcised of the heart, not by a knife via man's hands, but by the Lord's hands.

Now, when those believers in Italy heard that, they flipped out. They just absolutely loved that. I'm a Gentile. I'm a Gentile. And my Jewish friends know it. But they get, it's so cute because they go, how do you know this? They'll say something and I'll go, yeah, that's, hurtsle said that. How do you know that? I thank God that the Book of Isaiah says that God would graft in the Gentile to his great salvation. Wow. So the difference is this. The Jew is one who worships Yahweh. And I said a moment ago, kind of answered it already, but the word, or the etymology to the word Palestine, Palestine, will eventually take you to Phylisias, to Philistines, and it means invaders from the sea. People talk about the occupiers. You shouldn't, you shouldn't talk like that anymore because you don't know what you're talking about. To say that Israel is the occupying force is to say that the Bible isn't true. It's to say that God doesn't know what he's doing. It's to say that you do not believe in history, but you've chosen the narrative.

Guys, on our notes, we have A and B. I forgot what they are, but we have A and B. So what is A and B on our notes? There is some deep perversion in Britain whenever Israel is involved in a conflict, and it is the word you just used. Proportionate proportionality. Only Britain is really obsessed with this. I've heard it for the last few days incessantly. Proportionality and conflict rarely exists, but if we were to decide that we should have this fetish about proportionality, then that would mean that in retaliation for what we do, we should have this fetish about proportionality. Then that would mean that in retaliation for what Hamas did in Israel on Saturday, Israel should try to locate a music festival in Gaza, for instance, and good luck with

that. Should try to find a music festival in Gaza and precisely the number of women that Hamas raped on Saturday, killed precisely the number of young people that Hamas killed on Saturday. They should find a town of exactly the same size as a town like Storat, where I've been many times myself, and make sure they go to door to door and kill precisely the correct number of babies that Hamas killed in Storat on Saturday, and shooting the head precisely the same number of old-aid pensioners as were shot in Storat on Saturday just to choose one town.

Proportionality and conflict is a joke, and it's a very strange British concept which we've had that only the Israelis in a conflict when they are attacked are expected to have precisely the proportionate response. Wow. Can somebody invade your home at 2am to rape your children and to rape your wife and to decapitate your head? You don't talk about how are you planning on doing this? You don't dialogue. What you hope is that you've got something stronger than he does to stop him from raping your children and your wife. It is not Christian to stand there and say, well, you know what? I guess I'll turn the other cheek while you rape my wife and kids. That is sick, that is derelict, and that's not taught in Scripture. When the Bible says we are to provide for our families, if we don't, it's worse than being an unbeliever. It means everything. Love, compassion, care, protection, food, roof.

If somebody seeks to destroy you, there is no Christianity of being passive. When somebody insults you, that's what it means about turning the other cheek. If somebody insults you, turn to them. Jesus said, the other cheek, let them insult you as well. If they smack you on the cheek with an insult, turn the other cheek. Don't worry about your reputation. God says, I got your reputation. To think otherwise is to say that soldiers that God leads into battle, David included, were all wrong. The Bible says in the Ten Commandments, they'll shout, not murder. Read it carefully. The Hebrew word kill is not there. It's murder. God sanctions war because God knows until the Prince of Peace returns, there's going to be wars. Does that make some sense? When you talk about, well, you know, wait a minute, Israel needs to kind of tone it down and be proportional. Who says such things? Those who are on the other side. Notice that when the bad guys are advancing, it's full blown. We're going to drive into the sea. We're going to kill you. We're going to destroy you. And then when you start losing, you yell for a ceasefire. I think that's called the Hudna. Cease fire, cease fire. It means this. Cease fire, cease fire, reload. Cease fire, quick. Hurry, reload, reload. Come on, come on.

Look, war is tragic and it's horrible. Jesus said that they're going to come. And this is not the last one. But people, we need to have our faith in the Lord very, very much so. Number five is this. Oh, there's another clip of something. I don't know. I forgot what it is. I'm joined now by Musab Hassan Yousaf. He's the author of Son of Hamas. And he joins us live. You know, your father was a founding member of Hamas, and you were groomed to take a leadership position. And actually, you converted to Christianity, rejected their political and military objectives. Why did you do that? Well, for the simple reasons that we see right now in Gaza, that Hamas does not care about the lives of Palestinians, does not care about the lives of Israelis or Americans. They don't care about their own lives. They consider dying for the sake of their ideology away from worship. And how can you continue in that society? Okay. I'll ask you the same question I asked my last guest. Can you coexist with someone whose mission is your destruction? Well, Hamas is not seeking coexistence and compromise. Hamas is seeking conquest and taken over.

And by the way, Israel, the destruction of the state of Israel is not Hamas final destination. Hamas' final destination is building the Islamic Shilaha, which means an Islamic state on the rubble of every other civilization. These are the ultimate goals of the movement. Musa, you say in your book that Hamas targets civilians as a tool of war. Tell us about the Hamas that you know from growing up in the West Bank. Well, in the mosques, Hamas taught us that without shitting innocent blood for the sake of the ideology. They won't be able to build an Islamic state. They were preparing us from the age as young as five years old. This is the ideology that Hamas was feeding us. And honestly, it's almost impossible for anybody to break through and see the truth of the unreal face of Hamas and be able to leave at some point. And I've seen in my case, I had to lose everything just to say no to Hamas. And today when I look at the children of Gaza and I know what they are fed, I know that they have no choice. Musa, thank you. That's powerful, huh? Did you hear that? Were you able to hear that? Very, very powerful.

Number five real quick. Why is the existence of Israel in the Jews such a big deal? It's interesting to me that the first 24 hours of the attack on Israel when livestream and many other things went out, almost the entire world's sentiment was for Israel. And then as communities began to have Palestinian protests, people's comments began to change. So it seems to me that we are now more prone to bend with what's trending in the wind for fear. It seems as though COVID might have prepared us for that. This is phase two, by the way. Churches in America were tested with COVID and how they viewed it and approached it and took care of their flocks and obeyed the word of God. This is now, I'm not a prophet, I'm just making a guess that this next issue right now happening is going to divide more and more churches in America and so be it. Let it happen because when churches say Israel is not important, it's not a big deal. And we're talking about coexistence. You cannot have coexistence because the one that's attacking you wants you're annihilation and they declared it.

So coexistence is when a believer and an atheist lived next door's neighbors and they'd mow each other's lawns and bake each other's cookies. That's coexistence. But if the unbeliever wants to poison cookies and kill me, that's not coexistence. We need to wake up. But now there's a, all of a sudden the tide is changing and the world is going against Israel. China said it's America's fault this week. Xi Jinping said it's America's fault. You know, it's kind of weird though. I kind of agree with them in a minute because none of this stuff was happening under the Abraham Accords when listen, you didn't look. I'm not making a political statement and I'm becoming, I'm loose, I'll just say, I don't know who I'm going to vote for in 2024 If people keep talking and saying the wrong things... But let me say this, you didn't think of ISIS for four years.

You never even heard of them. The guy that was supposed to usher in World War III was the only president in the last 18 years where there was no war. Why? Because when you're strong, bad guys back up. Every guy in the room knows this. That was not a tip on how to vote. I'm not, I am not happy with anything right now. I'm just saying this. Israel's existence? Listen, they're the only democracy, freedom-loving, politic in the region. But that is besides the point, the existence of Israel in the Jew, if they ever cease to exist, then God's word has failed. He is not the God he said he was. And you have no eternal life. But don't worry. But don't worry. It's by the way, it's not us believing in him that makes him true. I want to make that clear. He's true if you believe him or not. And he is God. He's eternal.

Habakkuk chapter 2 verse 4 says, behold the proud, his soul is not right or upright within him, but the just shall live by faith. And he is the true prophet Habakkuk chapter 2 verse 4. Genesis 15 verse 6. And he believed in the Lord and God accounted it to him for righteousness. Abraham. Psalm 14 verse 7. On that the salvation of Israel would come out of Zion when the Lord brings back the captivity of his people. Let Jacob rejoice and Israel be glad. Israel, God is your Messiah. God is your salvation. By the way, that's true for everybody. But he started by revealing himself to Israel and he will finish by revealing himself to Israel.

Psalm 53 verse 6. Oh, that the salvation of Israel would come out of Zion. When God brings back the captivity of his people, let Jacob rejoice and Israel be glad. Sounds very much like Psalm 14. Genesis 22 18. In your seed descendants. All the nations of the earth shall be blessed because you have obeyed my voice. Psalm 22 verse 27. All the ends of the world shall remember and turn to the Lord. That is interesting. All the ends of the world. That's non-Jews. Shall remember and turn to the Lord and all the families of the nations shall worship before me. Before you, the Lord. Isaiah 49 verse 6. You guys okay? I'm going fast. Okay. We're still ahead of time. I just saw people looking at the clock. We're ahead of normal time.

Okay. Isaiah 49.6. Indeed, he says, it is too small a thing that you should be my servant to raise up the tribes of Jacob and to restore the preserved ones of Israel. Think about how, go after service today and find how many times Israel appears in your Bible or Palestine. I will also give you as a light to the Gentiles. Jack, it says Jack right there in small print. That you should be my salvation to the ends of the earth. They're going to fulfill that by the way during the seven year tribulation period. They're going to fulfill that passage. The Jews will be a bunch of Billy Grahams and Paul the Apostles all wrapped up into one. Can you imagine? You're going to just, man, there's going to be Jews running around telling the world the good news that God saves. Can you imagine? Can you imagine Paul the Apostle with the internet? What if Paul the Apostle had a Twitter page? Look what he did and he didn't have any of that. Isn't it amazing? The guy preached to the known world and he didn't have a plane. Can you imagine?

Okay, here we go. Where are you going? I'm going to preach to the ends of the earth. But that's what he did. Jesus never traveled more than 200 miles. Paul the Apostle, I forget the number, but it's in the thousands and thousands of miles. Two thousand years ago. Daniel 7 verse 14, then to him was given dominion. This is of the Messiah and glory and a kingdom that all people's nations and languages should serve him. This is what's coming people, in the future. His dominion is an everlasting dominion, which shall never pass away in his kingdom, the one which shall never be destroyed. That's the team I'm playing for. Isaiah 60, Isaiah 60, arise, shine for your light has come and the glory of the Lord has risen upon you. For behold, the darkness shall cover the earth and deep darkness to people, but the Lord will arise over you and his glory will be seen upon you. The Gentile shall come to your light. He's speaking about Israel and kings to the brightness of your rising.

God is doing a work. I know it looks horrible right now. And according to the Bible, according to the Scriptures, there's terrible days ahead, but Israel will never cease to exist. God says so. And eventually he will establish his throne from Jerusalem from the throne of David. The Bible says, Amos, these are all Hebrew prophets. Amos 9, verse 14, I will bring back the captives of my

people Israel. They shall build the way cities and inhabit them. They shall plant vineyards and drink wine from them. They shall also make gardens and eat fruit from them. I will plant them in their land and no longer shall they be pulled up from the land. I have given them, says the Lord your God. Amos 9, 15 says, no matter what's going on in Israel, no matter how many people die, Israel will never again cease to be Israel. It may be brought under great attack, but it's never going to go away. Never. And Islam has got a huge disappointment coming.

No, I'm not being funny. I believe God is going to use that to open up the eyes of Muslims. By the way, right now, listen, I've been on the phone all week. I've been talking to people in Israel. Listen, there are so many people, so many Jews that are talking now to their Christian, they're believing Jewish friends and family saying, tell us about Bible prophecy. Listen, tell us about Yeshua. Tell us about, tell us again, tell us again. Jews are coming to Christ. Listen, Islam, I know it doesn't feel like it. Islam is losing converts. More Muslims are coming to Christ than any other time in history. If you missed a couple of weeks ago when the expert, Jay Smith, was here, 9/13/23 you must see that sermon that was delivered in this pulpit. He's the greatest living expert on Islamic doctrine. He's a Christian apologist, and you must hear that message. You've got to hear it. Remarkable. God has a name. YAH is His name. YAH, way, salvation. And He says, I'll not turn anyone away who comes to me. I'll do this fast. Number seven is, wait, six. Where's God in all these things? Psalm 2 verse 1. Why do the nations rage and the people plot a vain thing? The kings of the earth set themselves, and the rulers take counsel together. That's called the UN. I mean, you think about it, see.

Jack, how can you say that? It's so easy. Since the creation of the United Nations, no other nation has been condemned and rebuked and has official documents filed against them. Legal documents. But Israel, 104 times. The closest nation that comes to that, I think it's Syria at 37. China, zero. I'm not kidding. Go look it up. That's on the Encyclopedia. Go look. Why is the United Nations always condemning Israel? That's why. They're called the UN, which stands for United Nothing. Or the unnecessary. But don't worry, you pay for 75% of the whole thing. Set themselves together against the Lord. There's his name, Yah. And against, whoo, what? Against his what? Now listen to my Jewish friends. We've got a problem now. This is King David talking to us. Take counsel together against the Lord and his anointed. The one anointed is the word also translated, Messiah or deliverer. Or we use the word, Savior. That implies in the Hebrew that the Lord is going to send to the earth first to Israel a Savior. Just from the Psalm right here. Are you guys with me? Let us go on. Let us break their bonds and pieces and cast away their courts from us. That's what the crazies are saying. Then he shall speak to them in his wrath and distress them in his deep displeasure. Yet I have set my king on my holy hill of Zion. I will declare the decree. The Lord has said to me, okay stop.

The Lord is the same one that's in verse two. And the me is the same one that is the anointed. And I'll get that. Mark it down. It's not hard. You are my son. Today I have begotten or glorified you. Ask of me who? The Lord. And I will give you who? The anointed one. The nations for your inheritance. And the ends of the earth for your possession. Just file that away my friends. If you're a Muslim, if you're Jewish, or if you're a Christian, you're not sure what you believe. File that away. This is serious. Hosea 5:14. Hosea 5:14. I will be like a lion to Israel, like a strong young lion to Judah. I will tear them to pieces. I will carry them off. And no one will be left to

rescue them. This is God speaking. Then I will return to my place until they admit their guilt to me and turn to me. For as soon as trouble comes, they will earnestly search for me.

That's being lived out right now. You ever heard of the Holocaust? The book of Deuteronomy chapter 28 talks about the Holocaust. It didn't have to happen. But guess what? God says you don't want me? Then I'll leave you alone to the desires of the world. I'm going to wait until you invite me back. Sound familiar Christian? Jesus said, I stand at the door of your heart and I knock. Listen, if Jesus was a religion, he would knock the door down. He's not a religion. You open the door. You don't open the door. Listen, God says, put blood on your door post and lintel and I'm going to pass over. The death-angel will Passover. I'm going to be looking for blood. I've never had this answer. It's theoretical, but maybe who knows what? Every Hebrew home in Egypt did that. What if a Hebrew home in Egypt didn't do it? Did God tell the death-angel to pass through Egypt and look for Hebrews? He didn't say that. What did he tell the death angel to look for? Blood! What if your neighbor was an Egyptian? And he says, what are you guys doing? Putting blood on your door. What are you going to find out? Wait, wait. What are you talking about? Our God spoke to us. And he wants innocent blood of a lamb to be put over the door post because the death angel is going to pass through tonight. What if that Egyptian said, I believe in that God?

Read Isaiah 19. I believe in that God, then go get some blood. No, that would have been the answer. Go get some blood. Go get a little lamb innocent lamb. Put the blood there. Isn't it amazing? We come to the New Testament. What is God looking for? The blood of a lamb. Not any lamb. The lamb on your life. God doesn't care if you're a Palestinian, Peruvian, Pomonian. He doesn't care. He's looking for blood covering your life. And there's only one blood that can cover your life. It's him. I have to finish this. What's possibly next? I am in a massive national pastor's thread, text thread. And I said, I just simply said, last Sunday, I said, well, now would be a good time to keep your eye on Damascus. And everybody said, what in the world are you talking about? And I said, you go read Isaiah 17 and Jeremiah 49. And you tell me what's going on.

And lo and behold, later this week, Israel had to bomb the runways of the airport at Damascus and Aleppo because Russia was flying in military arms to Tehran. And then Tehran was flying them from Iran over to Damascus and Aleppo to supply Hezbollah weaponry. So Israel took out the runways so they couldn't continue to bring the armaments. Here's what's, listen, what does the Bible say about this? Listen, Damascus has been one of the longest, oldest, continuously inhabited cities in the world, in human existence. Damascus is one of the oldest inhabited cities in the world. It's been inhabited since its creation. Are you hearing me? It's never been abandoned. It's been attacked. It's been taken captive. But it's always had people there. So this is what I'm looking for. I wouldn't doubt it any time. Isaiah 17 1, the burden against Damascus, behold, Damascus will cease from being a city and it will be a ruinous heap. Jeremiah 49 26 goes on to say about it, therefore her young men shall fall in the streets and all the men of war shall be cut off in that day as the Lord of Hosts. Here it is. I will kindle a fire in the wall of Damascus and it shall consume the palaces of Ben Hadad. That is the leadership.

The word ruinous heap means uninhabitable. Boy, that ought to just get you pumped. We don't wish for the demise of anything, but Bible prophecy will happen. So here's how I'm going to end.

Are you ready? I'm going to end this way. We won't be able to do worship, I don't think, right? Because it's just too late. Here's where we end. The question is regarding what's next for Israel, what's next for you? I'm going to lay this on pretty sarcastically, pretty heavy, but you might remember this. What in the world was King David talking about when he said? Ready? Psalm 22 verse 16, for dogs, that's a word for Gentiles, have surrounded Me. Notice capital M, it's speaking about deity. Somebody is speaking and they're important. It's either the Lord or the anointed one. The congregation of the wicked has enclosed me. This is David. They pierced my hands and my feet. They never pierced David's hands in his feet. Just think for a moment. Who in history is famous for having their hands and their feet pierced? What in the world was the prophet Isaiah talking about when he said, Isaiah 714, therefore the Lord himself will give you a sign, behold the virgin shall conceive and bear a son, and you shall call his name Emmanuel. You know what Emmanuel means? God is among us. Isaiah 9 verse 6, for unto us a child is born. Who cares? Babies are born all the time. Unto us a son is given. Wait, what are we talking about?

Somebody donated a son. What do you mean? Well, let's find out. And the government will be upon his shoulder. His name will be called Wonderful Counselor, Mighty God. The word everlasting Father is, the one who governs time, the one that possesses, and governs time, the Prince of Peace. Does that remind you of anybody? You guys, I'm reading from the Hebrew Scriptures. What in the world was Moses thinking about? When in Deuteronomy 18, 15 he said, the Lord your God will raise up for you a prophet like me from your midst, from your brethren, him you shall hear. What does that mean? Moses is saying someone greater than I am is coming. Amen. Wow. Think that through? What in the world was Jeremiah talking about when he said, behold the days are coming, says the Lord when I will make a new covenant with the house of Israel and with the house of Judah. Not according to the covenant that I made with their fathers in the day that I took them out of the land to lead them out of the land of Egypt. My covenant which they broke, though I was a husband to them, says the Lord, verse 33, but this is the covenant that I will make with the house of Israel after those days says the Lord. I will put my law in their minds and write it on their hearts, and I will be their God, and they shall be my people.

No more shall every man teach his neighbor, but every man his brother is saying, Know the Lord for they shall know me from the least of them to the greatest of them says the Lord, for I will forgive their iniquity and their sin. I will remember no more. Thus says the Lord who gives the sun for light by day, or listen, the ordinance of the moon and the stars for the light by night, who commands the sea and its waves roaring. The Lord of hosts is his name. If those ordinances depart from me, says the Lord, then the seed of Israel shall also cease from being a nation before me forever. In other words, it ain't going to happen. What in the world was Zechariah talking about? In 9 verse 9, Rejoice, greatly, O daughter of Zion, shout, Oh daughters of Jerusalem, behold, your king is coming to you. He is just having salvation lowly or humbled and riding on a donkey, a colt, a foal of a donkey. What happened? What happened on Palm Sunday?

Exactly that. What in the world was Micah the prophet talking about? In Micah 5 verse 2, but you owe Bethlehem, Epaphtha, which is genius. There were two Bethlehems at the time of Christ's birth, two different counties, same name, two different counties. You know like we have Paris and then there's Paris. Notice your Bible says Epaphtha. That means the one that is near

Jerusalem. The one that has the tower of Migdal Eder, where the priests would approve the sacrificial lands for the temple. Though you are little among the thousands of Judah, little villages everywhere, yet out of you shall come forth to me, the one who is to be ruler in Israel, whose going forth are from old from everlasting. Someone's going to be born in Bethlehem who is eternal.

You are in Proverbs 30 verse 4, Solomon. Who has ascended into heaven or descended? Who has gathered the wind in his fist? Who has bound the waters in a garment and who has established all the ends of the earth? What is his name? His name is YAH. You know that by now. What is his son's name if you know? I call this the everlasting Jewstopper.

No, listen, I've used this on all of my Jewish friends. Some of the friends you know they're famous. I've used this verse to them and they go, let me check it in the Hebrew. Go right ahead. They go in the Hebrew. One guy says, I was on a bus in Jerusalem. This guy goes to me. It's stronger in the Hebrew. The English is weak. Can you believe that? Every Jew I know, I always say, hey, read Proverbs 30 verse 4. Tell me what you think. Go ask your rabbi that one. Not one has ever come back to me yet. What is my name? It's YAH, YAH, YAH, Jehovah. We already know this. And then he turns right around and says, can you tell me my son's name? It's the same one that's in Psalm 2. Isaiah 7, Isaiah 9, on and on we go. He who watches over Israel, neither slumbers nor sleeps. Keep your eyes on the news. Maybe if you can handle it. But by all means, have your Bibles open.

Let's stand. Heavenly Father, we praise you today for your truth. In convenience, disruptive of spirit, maybe, controversial, everything you do is controversial, gut. Loving, forgiving, merciful, kind. Yes. And as we speak of the pierced hands and the pierced feet, we know that your anointed one has come. To Jerusalem, to an empty tomb, he leaves, just as the prophets foretold. So Father God in Jesus' name, in Yahshua's name, you would open the eyes of people to know that the price of sin by the Lamb of God has come. And there is the only hope possible is in him. And you are soon about to deal with Israel in its reawakening, and the gathering of the Jew will come soon. But Lord, your word is clear that when we hear the gospel, we are to say yes to it now. The ancient promise of eternal life for the just shall live by faith. In Jesus' name and all God's people said, Amen.
